

**ORTHODONTIC
PARTNERS™**

OP Welcomes Campbell & Covington Orthodontics

We are excited to welcome Campbell & Covington Orthodontics to the Orthodontic Partners (OP) team! They

are the second practice to join OP from North Carolina, and serve the Wilmington, NC community with two practice locations. Joining OP from Campbell and Covington Orthodontics are Dr. Bobby Campbell, Dr. Thomas Covington, and Dr. Logan Icenhour.

Dr. Bobby Campbell has been practicing orthodontics since 2002. He earned his Bachelor of Science degree in Chemistry from Dickinson College, and graduated from the University of Maryland School of Dentistry. Dr. Campbell then went on to complete a thirty month orthodontic specialty training program at the Medical College of Georgia in Augusta, Georgia.

A North Carolina native, Dr. Thomas Covington studied at UNC Chapel Hill, where he earned a Bachelor of Science degree in Clinical Sciences. He then attended the UNC School of Dentistry where he earned his Doctor of Dental Surgery degree and a Master of Science in Orthodontics.

"Honestly, we did not look at other orthodontic service organizations as options. We were interested in joining this elite group - we were either going to join OP, or continue to hire and grow on our own," Dr. Covington expressed. "This is an exciting step in my career both personally and professionally. I am hopeful OP will provide the necessary support to operate a busy orthodontic office and allow growth with efficient systems. I am also optimistic that the back office support from OP will make my life easier and permit more time with my family."

Dr. Logan Icenhour grew up in Greensboro, NC. He received his Bachelor of Science degree in Biology from UNC at Chapel Hill. Dr. Icenhour earned his Doctorate in Dental Surgery at the UNC School of Dentistry, and went on to graduate from the University of Alabama Birmingham with a Master of Science in Orthodontics.

We are looking forward to working alongside Campbell & Covington Orthodontics' excellent team to craft smiles and change lives in North Carolina. Please be sure to give them a warm welcome!
